WORLD-CLASS PROVIDER OF CUSTOMIZED KITTING, BIN MANAGEMENT, AND 3PL / 4PL SERVICES

CUSTOMIZED KITTING

Kitting configurations include bags, boxes, carrying cases, tackle boxes, trays, crates, visual kit boards and other solutions that utilize protective packaging, foam cutouts, custom labeling, sub-kits & sub-bagging, stenciling, tamper-resistant locks, laminated BOM list, movable carts / trays for production environments, and other options per customer needs.

EXAMPLES:

- Small parts and / or large shapes
- Kits with hundreds of parts included
- Multi-layered & organized by work center
- Reusable production kits that reduce waste & FOD
- Vibration, impact, air, moisture resistant packaging
- Visual trays / movable carts with foam cut outs
- Custom branded packaging for aftermarket use

In addition to hardware, kits may include:

MACHINED PARTS:

Beams, Bulkheads, Bushings, Fittings, Flanges, Longerons, Radius Blocks, Ribs, Skins, Spars, Stiffeners, Webs, etc.

FORMED SHEET METAL PARTS:

Brackets, Channels, Clips, Covers, Doublers, Fairings, Fillers, Frames, Shims, Spacers, Splices, Supports, etc.

BENEFITS INCLUDE:

- 100% Lot traceability for all parts
- Complete flow-down to OEM specs
- First Article Inspection Reports per AS9102 (component & kit level)
- We manage 1000s of parts & 100s of suppliers, so you don't have to!

INVENTORY MANAGEMENT

Aero-Glen's inventory management solutions are tailor made, adapted, and customized to fit your unique and specific requirements. From procurement, logistics, technology, & process flow, we've got your supply chain covered.

PROGRAM SOLUTIONS INCLUDE:

- Just-in-time inventory (JIT) & point-of-use delivery
- VMI, Bin Stocking, JIT, Kanban, 2-Bin, etc.
- On-site store locations (Aero-Glen employees)
- Vending machines, kit supermarkets, etc.
- Consignment inventory
- Consolidated monthly billing

What you should expect from our programs:

VISIBILITY:

- Clear view of supply chain KPIs & reporting, focus on high attention items
- Technology based tools ensuring control over all aspects of your production

COMMUNICATION:

- Know status on critical parts, identify solutions, clear path to success
- Proactive dialogue, leverage all resources to solve problems & deliver results

SCOPE:

- Hardware PLUS machined, formed, build to print and other commodities
- Single to multi-site engagements with Aero-Glen employees on-site

3PL / 4PL SERVICES

Flexible integration of demand management (planning/forecast), sourcing & procurement, operations & warehousing, consignment inventory, and in / outbound source inspection

- Supply Base Management and Fulfillment
- Vendor Long-Term Agreement Management
- Spot Buy / MRP Requisition Management
- Inventory Management, and more!

BENEFITS INCLUDE:

- Cost reductions through the delegation of supply chain & operational activities
